	Mass	Volume
Bidet	13,60kg	0,070m ³

INSTALLATION

After all plumbing points have been installed and wall tiling has been completed:

1. Fit mixer and waste outlet to ware, ensuring free movement of waste plug and linkage when using pop up.
2. Place bidet into position and mark hole positions. Remove bidet and drill holes. Place bidet back into position, fix screw to the floor and secure.
3. Complete water and waste connections and test to ensure installation joints are watertight.
4. Always use silicone sealant or equivalent between the pan and the finished floor and wall surfaces for a secure and neat installation.

NOTE: The warranty will not apply to any product installed with cement
